INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

Related Records

The records reproduced in this microfilm publication are part of the records in the custody of the National Archives and Records Service (NARS) designated as Records of the U.S. Court of Claims, Record Group (RG) 123. Among related records in this record group are additional records relating to Miller's enrollment of the Eastern Cherokees. These include receipts for Treasury warrants and miscellaneous correspondence, 1906-11. The original of these records is in RG 123; a copy is in RG 75.

Some related records in Records of the Bureau of Indian Affairs, RG 75, have been reproduced as NARS Microfilm Publication T496, *Census Roll, 1835, of the Cherokee Indians East of the Mississippi and Index to the Roll*. Also in RG 75 are the classified subject files of the Bureau.

Records Relating to Enrollment of Eastern Cherokees by Guion Miller, 1908-10, M685, contains the general index to Eastern Cherokee applications, 2 volumes; the report submitted by Guion Miller, May 28, 1909, 10 volumes; the roll of Eastern Cherokees, May 28, 1909; the report on exceptions filed, January 5, 1910; the supplemental roll of Eastern Cherokees, January 5, 1910; transcripts of testimony, February, 1908-March 1909, 10 volumes; various indexes and rolls of Eastern Cherokee Indians, 1851, 1854, and 1884; and miscellaneous notes and drafts.

Additional records relating to the enrollment of Eastern Cherokee Indians are in Records of the Office of the Secretary of the Interior, Record Group 48.

These records were prepared for filming by Jestine Turner and William D. Grover, who also prepared these introductory remarks.

Dear Sir:-

I have heretofore filed application as Eastern Cherokee for Nancy A. DeShazo. She informs me that her grandfather was named Martin Many and that he is or ought to be on the roll of Eastern Cherokees living in the East in 1851. He had a daughter Elizabeth Bobbitt, nee Many, the mother of the applicant.

She further informs me that this name may be spelled with one or two m's and in writing I am unable to be certain that it is Many or Mony. Will you kindly inform me whether or not the name of the ancestor appears upon the 51 roll provided of course that this information desired as it is in a specific case can properly be given an attorney.

We the undersigned petitioners, who are indians by blood of the Cherokee tribe of indians, most respectfully request your honor to carefully consider the application of Mrs. Nancy A. Mrs. Deshazo has made application for a share in the future emigrant payment, and according to her knowledge of her ancestry she is doubtless a cherokee by blood and in the opinion of the oldest cherokees now living she should have been placed on the tribal rolls.

Madam:

You claim a right to share in the distribution of the Eastern Cherokee Fund through your father, Martin W. Rabbit, who you also state was living in Missouri in 1881. Did he or your grandfather ever live in the Cherokee Nation? Why were they never enrolled with the Eastern Cherokees?

Do you claim any Eastern Cherokee blood through your mother? If so, give the names of your grandparents on your mother's side.

Were any of your ancestors ever enrolled with the Eastern Cherokees?

Give the date of your birth.

Was your mother or were your grandparents ever held as slaves? If so, were they owned by white people or Indians?

Please give this matter prompt attention and refer in your reply to the number of your application.

Very respectfully,

WPK/TBA

Wm Penn Allen being first duly sworn deposes and says:

I am 50 years old and I live at Westfield, Ind. I am a practicing physician in the community in which I live. I claim my Indian blood through my father, whose name was Samuel C. Allen. I also claim Indian blood through my mother, Martha J. Henley, but do not know to what extent as well as that of my father. It is the same line of descent. My father was 85 years old at the time of his death. He was born in 1816 in Randolph county, N.C. He left N.C. in 1838. I have heard him talk about his Indian blood. He claimed to get this Indian blood through his ~~father~~ mother, my grandmother, whose name was Martha Clark. She was born and raised in Randolph county, N.C. She died in Hamilton county in 1866. She came from N.C. in the spring of 1866, and died three months afterwards. She never got any money from the Government on account of her Indian blood. I do not know why. I reckon she never put in any claim. My ~~great~~ grandmother, Martha Clark Allen was the daughter of Mary Clark, my great grandmother, she was born in Guilford County, N.C. in 1771, and died in Rush County, Ind. in 1842. She was either a half or a quarter blood. She was the daughter of Martha Sanders, or Patsy Sanders, a full blood Cherokee Indian. I offer herewith the copy of an original affidavit made at the time of our application for lands and citizenship in the Cherokee Nation, by witnesses now deceased. Also the affidavit of my father having reference to our Indian blood.

Hon. Miss Miller,
Washington D. C.

Dear Sir:- Relative to claim filed with you by Arayan Queen which is No. 8034 will say that applicant informs me that she made a mistake as to where her mother Anne's Clear, nee Swanson, was living in 1861 when she said she lived in N.C. but it should have been in Georgia, Murray County. Applicant does not claim any Cherokee blood through her father. Applicant's Grand Father on her mother's side was a half breed and none of applicant's family were held as slaves so far as she knows. Please let us hear from you in reply to this and if you want any further information.

Yours truly,

C. L. Henry

App. No. 9034

January 14, 1908.

Arayan Queen,

Springplace, Georgia.

Madam:

You claim a right to share in the distribution of the Eastern Cherokee Fund through your mother, Annie Cloer, nee Swanson; you also state she was living in 1861 in North Carolina. If this is true, why was she not enrolled with the Eastern Cherokees at that time? Why were your mother's parents never enrolled with the Eastern Cherokees?

Do you claim any Eastern Cherokee blood through your father's side?

It will be necessary for you to give more information concerning your ancestors, stating through whom you claim your Eastern Cherokee blood and whether or not your mother and your grandmother were half-breeds or full-bloods.

Was your father or your mother ever held as slaves? If so, were they owned by white people or Indians?

Please give this matter prompt attention and refer in your reply to the number of our application.

Very respectfully,

H. W. / T. A.

Special Commissioner.

I was not as I wish to reply by writing so much
But will ask you to pardon me for so doing
after reading your kind letter I decided to write
a grain and maybe by so doing I might
assist you in some way I remember of hearing
my old grand father Swanson talk in his
life time he was a preacher and he said while
the indians hear he did come & preach for them
and hearing him talk he stated that he had seen
kind folks at that time in this part of the land
that he stayed with by the name of van
he said his grand mother was a part indian
By the name of van my old mother is
very old and her mind is shattered but she said
after having time to think over the matter
that she had heard her father and other old
people talk and say that the Swanson
name in indian was Swansee

Thanking you for past favors I will close

James Blevins being first duly sworn deposes and says:

I claim to be of Cherokee Indian descent. I am 62 years of age, and have lived in Ashe County, N.C. all of my life. My Indian blood comes through my father, George Blevins. He was about 42 or 50 years of age at the time of his death, and had lived in Ashe County, N.C. all of his life. His mother, was Lydia Blevins, whose maiden name was Lydia Sizenore. I do not remember hearing my father talk much about his Indian blood. He never received any money from the Government on account of his Indian blood. Owen Sizenore in going through to Virginia stopped at my father's house. I do not remember anything about how he looked. I have heard my Indian blood talked of a good deal. I am a first cousin of William H. Blevins, NK chief of the White Top Band. His father and mine were brothers. I have never heard that the Sizenores were Indians. I never know of Indians camping in this country. I have never received any money from the Government on account of my Indian blood.

Replying to your letter of April 11, 1907, you are advised that this Office cannot say, at the present time, just when the fund arising from the judgment of the Court of Claims in favor of the Eastern Cherokees will be paid, or the amount each successful claimant will receive.

The question as to whether or not children, whose parents are living, will be entitled to participate in this fund has been referred to the Court of Claims, and until that Court has disposed of this question nothing definite can be stated. However, should the decree be modified in this particular you will be duly notified.

Very respectfully,

Margry Phipps being first duly sworn deposes and says:

I am 63 years of age, and was born in Grayson County, Va. and have lived in Grayson and Ashe Counties. I never received any money from the Government on account of my Indian blood. I have always been regarded as of Indian descent. It has been thrown up to me many a time. I was ~~not~~ all of Cherokee Indian blood, which comes through my mother, Sarah ~~xxxxxxx~~ Sheh Cash. She has filed application for a share of this money, but is unable to come out, as she is well on to ninety years of age. It has been thrown up to my mother that she was of Indian blood, but she would always brag about, and said that she would not take fifty dollars for it. I do not think she ever got any money from the Government on account of her Indian blood. My mother was born in Grayson County, Va. I do not remember hearing my mother say that she had seen any of the Sizemores. I have heard her speak of Ned Hart, and have seen him myself many a time. He lived in Ashe County. I do not know whether he had a brother James or not. I reckon their Indian blood came through the Sizemores. I never heard my mother speak of Cron, Neil or George Sizemore, or speak of any Indians visiting her. I never heard of any Indians living in Ashe County. My mother claims her Indian blood through her mother, Margie Cash, who was a daughter of James Hart. Ned Hart was my mother's uncle, and must have been a brother of James Hart. James Hart was a son of Catherine (or Helina) Hart.

Sizemore.

Benjamin F. Jones being first duly sworn deposes and says

I am 56 years of age, and have lived in ~~XXXX~~ Ashe County all of my life. I claim Cherokee Indian blood through my mother, Adaline Jones, who died about 18 years ago. My mother was born and raised in Ashe County. She was born in 1838. I have heard her speak of her Indian blood. She claimed through the Sizemores, and always claimed that her grandfather, Jim Hart, was part Indian himself, and married Catharine Sizemore, the daughter of Ned Sizemore. I heard that my great grandfather, Jim Hart, was part Cherokee Indian. I never heard that my mother received any money from the Government on account of her Indian blood. When this matter came up in this country some time before my mother's death, it seems that my mother made application. This was for land in the Indian Territory. My grandfather, Ned Hart, lived and died in this county. Laurel Springs is about twelve miles from my home. I think the Ned Hart who lived near Laurel Springs about 65 years ago must have been my grandfather. I have seen him many a time. I was quite young, but I remember when he died in about 1858, and was at his burying. I do not know whether he ever received any money from the Government. He was a very small man, and looked somewhat like an Indian. I do not know where Ned Hart's father came from. I have heard my mother speak of Owen and George Sizemore as Ned Sizemore's sons. I have heard of his daughters, but forget their names. In my application the statement that my grandfather, Ned Hart, was a son of ~~xxxxxxx~~ Dollie Sizemore is the same as being the son of Catharine Sizemore, the name Dollie being a nick-name. I have always been considered an Indian by my neighbors. It has been thrown up to me, Samuel N. Jones who is now present is my brother, and his claim is the same as mine.

Subscribed and sworn to before me at Jefferson, N.C., this
2d day of April, 1908.

Sir:-

Replying to your letter of September 9, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, and we cannot state at this time whether or not you are entitled to share in this fund, or the amount each successful claimant will receive.

As there are over 40,000 applications on file and the claimants are widely scattered through the United States, it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

Special Commissioner.

My grandfather Loyd Henson died before I was born. I claim through my grandfather Loyd Henson, and through the Meeks. I do not know how much Indian blood my mother had. I don't know that I ever heard her say. I never heard of my mother or grandparents drawing any money as Indians. I never heard of their living with the Indians as Indians. We have been generally recognized as white people. I have always heard my mother talk about it and she claimed to be Cherokee Indian. She was cousin to Benjamin Henson and William Henson and Joe Henson, that went off to Indian territory and got land and money there. She claimed to be a first cousin to them. I never heard her speak of Mragaret Henson. I never heard her speak of George. I knew Benjamin, William and Joseph Henson, and they came to our house and lived neighbors to us. ~~There was also~~ Renie Henson, or Renie Warlick, ~~she~~ was a Henson, and was the ~~mother~~ of William Joseph and Benjamin Henson was a cousin of my mother, and I think she may now be living in Cherokee, N. C. Dickie Henson was the father, and he was my mother's uncle. I don't remember anything about his wife. I don't know that I have ever seen Dickie Henson. My mother never drew any money that I know of.

Nancy Donley,

Tellico Plains,

Tennessee.

Madam:-

Replying to your letter of August 14, 1907, you are advised that the applications for participation in the Eastern Cherokee fund have not been taken up for final consideration, as the Court in its order of April 29, 1907, extended the time for the filing of applications to August 31, 1907, and until the applications are all filed it will be impossible to give final consideration to any of them, or to state how much each successful claimant will receive.

As there are already over 34,000 applications on file and the claimants are widely scattered through the United States it will necessarily take considerable time to have all of these cases adjudicated, and until they are so determined no money can be distributed.

If there is any further information required in connection with your application you will be notified.

Very respectfully,

NLC.

Special Commissioner.
